

```
crypto::raw_hasher  
< crypto::key_image >
```

A diagram showing a vertical relationship between two C++ type definitions. At the bottom is a gray rectangular box containing the text 'std::hash< crypto::key\_image >'. A blue arrow points upwards from the top center of this box to the bottom center of a white rectangular box above it. The white box contains the text 'crypto::raw\_hasher' followed by '< crypto::key\_image >' on the next line.

```
std::hash< crypto::  
key_image >
```
